PROPOSALS.

For publishing in the City of Annapolis, a Periodical Work, to be entitled,

THE RELIGIOUS AND LITERARY REPOSITORY.

To be edited by a society of Laymen, members of the Protestant Episcopal Church.

The leading views of the Editors are stated in the following note, by one of the persons, who will be actively employed in the selection of the matter for publication.

The Religious Magazine which have been heretofore published by members of the church, are, some of them, very useful as far as they go. My objection to them is, that they do not attempt to give us information, of which the laity, and which is with great difficulty to be obtained. In this country the laity have a considerable participation in the affairs of the church, and ought to possess an intimate knowledge of its history, constitution and laws. As church wardens, and trustees or vestrymen, as well as delegates to the convention, they are important and very solemn duties to perform, and with a knowledge of these duties, it ought to be the business of these magazines to furnish them. The subjects usually discussed in them have already been explained and enforced by pious and learned divines, with as much ability as could be expected from more modern writers, and a knowledge of what we are to believe and do in order to our salvation, may be communicated to our readers as well by selections, as by any original matter which we might be able to offer to them. From the writings of approved divines, not at ways to be met with, even in possession of the clergy, we shall most frequently collect what it is deemed necessary to give on christian doctrine and duty. The magazine will aim to be useful, and desires no other reputation.

I am induced to hope that, besides furnishing the laity with useful information in regard to the duties which are imposed upon them, some hints, worthy of their attention, may occasionally be given to the clergy. While they act up to their ordination vows; endeavour to frame and fashion their lives according to the doctrine of Christ, to make themselves wholesome examples of the flock of Christ, and to reverently obey their Bishops, following with a glad mind and will, the goodly admonitions, they deserve, and there is in the laity of the church of Maryland generally, every disposition to honour and support them. If, however, at any time, any of them forget to pay due regard to their own solemn engagements, and instead of loving to dwell together in unity, a design should be manifested to introduce disorder and misrule into the church, to oppose its legitimate authority, or to assume powers which do not belong to them, then it is not only the right, but it becomes the imperative duty of the laity, to animadvert upon such conduct with unsparing severity.

Approving entirely of the forms prescribed, and of the doctrines agreed to by our Church, it will be no part of the business of the Magazine to recommend or censure any individual, any new innovations, whether in tenets, or discipline or worship.

TERMS.

The Repository shall be published twice a month, each number to contain sixteen pages, one half payable in advance, and the other half upon the delivery of the 12th number.

The first number shall appear on the third Saturday in January next, should a sufficient number of subscribers be obtained to justify the expense.

On the 18th of November, Nadin, a high constable, was fired at, near his residence in Manchester; a ball passed through his hat; a second of 5000; is offered by the Marquis for the discovery of the assassin who fired.

A long examination of Edward Megher has taken place at Manchester which resulted in his acquittal. It appeared that Megher was a trumpeter to the troop of horse which made the charge at the late celebrated meeting. On the 2d of December, a mob assembled around a dwelling, stones were thrown and many threats used, Megher and wounded three or four of the rioters.

Mrs. Carlisle has been proceeded against for selling the report of her husband's trial, on the ground that the report contains all the obnoxious matter of the "Age of Reason."
